

Der Große Kapok (The Great Kapok) (Beginning /Intermediate)

Adapted from
The Great Kapok
By Lynne Cherry

Using children's books meets the following conditions that make it possible for children to learn a language.

1. The learner is immersed in the language.
2. The learner has ongoing demonstrations of language.
3. There is the expectation that language will be learned.
4. The learner is given responsibility to learn.
5. Approximations are acceptable.
6. The opportunity to use language is present often.
7. There is ongoing response to language use.

(Cambourne - 1984)

Standards Met

- 1.1: Communication – Interaction
- 1.2: Communication – Interpretation
- 1.3: Communication – Production
- 3.1: Connections – Reinforce other content areas
- 4.1: Comparisons – German language patterns
- 5.1: Use the target language beyond school

Objectives:

The students will...

- demonstrate comprehension of “**Der Große Kapok**” by acting out the story as it is told in the target language.

Anticipatory Set

Give each student a Snickers bar and tell them how it relates to the rainforest. Many of the ingredients in a Snickers bar come from the rainforest. Students can then learn the names of the ingredients in the target language.

Activity Sequence

Input

- Read the story using the Power point presentation
- With visuals retell the story
- Tell the story as the students act it out.

Guided Practice

- Living Order
Students do a living order of the visuals.
- Matching Cards
In small groups, students match the picture with the correct corresponding word in the target language.
- Group Story Sequence
Put all visuals on the floor. As a group, students put the cards in the correct order.
- Story Sequence Cards
In small groups, students sequence the cards in the order they appear in the story.
- Question Activity
Put an animal on the back of each individual. Students try to determine the animal by asking only yes/no questions.
- Retell Story
Using visual prompts, students retell the story as a group.
- In a bag, place pictures of the various animals found in the rainforest. Using the natural method, have the students guess which animal you have. You can give clues in the target language. Ask them simple questions such as does this animal move slowly or quickly.

Extension

- Students create a new version of the story by reordering the events in the story.

Closure

- Alphabet Activity
A-Z - say and repeat the alphabet in German
On the alphabet worksheet, students fill in the words in the target language that they remember.
- The teacher retells the story, and the students fill in the words when the teacher pauses.

Connections

Social Studies

- Discuss the importance of the rainforest.
- Locate the rainforests of the world/locate forests in Germany. Compare tropical forests with forests in Germany
- Devise your own ecology plan.
- Conduct a tour of the rainforest/conduct a tour of the Black Forest
- Research important facts about the rainforest.

Language Arts

- Write and present a skit showing what can be done to preserve the rainforest.
- Create a rainforest rap
- Justify the importance of the rainforest in an editorial.
- Discuss the development of plot:
 - Somebody
 - Wanted
 - But

Art

- Create a diorama.
- Write and illustrate a rainforest alphabet book.
- Create a rainforest in your classroom

Science

- Analyze a Snicker candy bar and how it relates to the rainforest.
- Classify plants, animals and insects found in the rainforest.
- Create a schoolyard garden
- Chart the weather for a week in your home town and also the weather for a town in the rainforest
- Research the animals of the rainforest
- Discuss endangered species
- Put the animal in the correct strata of the rainforest where it lives – use visuals or Smart Boards to move animals to the correct places

Consumer Science

- Create a rainforest buffet

Logical Thinking

- Using a Venn Diagram, compare and contrast the forests found near your home and rainforests

TOPIC: Rain Forest

TEACHER INSTRUCTIONS

- 1) Show videos or assign class to read articles on the rain forest.
- 2) Discuss locations and importance of the rain forests. Create a map showing locations of the world's rain forests / tropical jungles.
- 3) Divide students into groups and assign each group separate responsibilities in the creation/ construction of the classroom rain forest.
- 4) Upon completion of construction of the rain forest, students will invite other students, faculty and family members to tour the rain forest. During the tours, students will explain what they have learned about the rain forest and why they must be preserved.

VERBAL-LINGUISTIC

Write and present a skit showing what can be done to preserve the rain forest.

Debate the importance of ecology vs. progress.

BODILY-KINESTHETIC

Construct the rain forest in your classroom.

Play charades with the names of the animals living in the rainforest.

Make a rain forest "buffet."

MUSICAL-RHYTHMIC

Identify sounds while listening to the CD of the rainforest.

Create a rain forest rap.

INTRAPERSONAL

Devise your own ecology plan.

Justify the importance of the rain forest in an editorial.

INTERPERSONAL

Create a rain forest as a class project.

Conduct a tour of the rain forest in your classroom.

PREPARATIONS

☐ VISUALS
☐ LIBRARY BOOKS
☐ ART MATERIAL
☐ TV/VCR
☐ MUSIC TAPE/CD
☐ VIDEOTAPE
☐ TAPE/CD PLAYER
☐ OVERHEAD
☐ PROPS/COSTUMES

LOGICAL-MATHEMATICAL

Analyze a Snicker candy bar and how it relates to the rain forest.

Classify plants, animals and insects found in the rainforest.

VISUAL-SPATIAL

Write and illustrate a rain forest alphabet book.

Create a diorama.

OTHER:

Snickers From The Rainforests?

How a Snicker Candy Bar relates to the rainforest!!

It contains products from the rainforest:

- **Chocolate** is from cocoa beans from the tropical rainforests in Mexico. Chocolate originated with the Aztecs.
- **Brown Sugar** is from the cane sugar found in the tropical rain forests in Central and South America.
- **Vanilla** is from vanilla beans from an orchid of the rain forest.
- **Peanuts** are grown in the African rain forests.

Discussion:

What other things come from the rainforest?

Paper	Pencil	Rubber Erasers	Rice
Furniture	Wood	Medicine	Fertilizer
Paint	Soap	Oil	Cloves
Perfume	Rubber tires	Balloons	Nutmeg
Bananas	Pineapple	Oxygen	Gum
Ornamental plants	Coffee	Mahogany Wood	Papaya
What else?			

Create a Rainforest

Suggestions:

- **Vines:** Cover ceiling pipes with vines - twist brown paper to look like a vine - add green leaves and hang from ceiling.
- **Make a tree-** cardboard (carpet) cylinders, covered with brown paper and leaves added.
- **Palm leaves-** use wire hangers to support the green paper leaf shapes. Tape/hang on walls, ceilings and the trees that are created.
- **Flowers-** pipe cleaners plus tissue paper
- **Draw animals-** chimpanzee, gorilla, squirrel monkey, birds such as the toucan, hummingbird, macaw, tree frog, poison dart frog, insects, jaguar, turtle, snakes. (you might use the overhead or the enlarger to project pictures onto the wall to make drawing easier).
- **Animal sounds-** there are tropical sounds and animal sounds sold in stores
- **Draw and make butterflies-** tissue paper and pipe cleaners.
- **Waterfall-** regular blue paper in strips with blue cellophane wrap.
- **Waterfall sounds-** use a tiny waterfall/fountain and put it near or behind the paper waterfall
- **Canopy-** green, yellow and light blue tissue paper covers the lights in the room (check for safety).
- **Murals-** tape brown paper all around the room. Students add trees and animals.
